Welcome to the UT Dallas Virtual Benefits Fair!

Looking for benefits that help your life bloom? Stroll through our benefits gardens to check out all your options. Plant the seeds of new benefits, or water some you already have to help them grow.

How to dig into the gardens:

• Explore by using the appropriate QR code to download the benefits fair app.
• Click on garden features to see information you’re interested in.
• Fill your basket by clicking on vendor links. Visit 20 to be entered to win a prize!
• Take your time — sometimes you think you have the right plant but another might work better in your personal benefit garden.
Smell the flowers and get answers to your healthcare benefits questions.

Thank you for your attention.
Take advantage of these wellness resources to improve your health and help increase your inner peace.
Make sure you harvest the possibilities around campus.
Enrollment ends July 31, so sign up before the bees stop buzzing or you’ll have to wait until the next enrollment event or certain life events.
Thank you to all our partners and sponsors:
